

The diagram illustrates a web site architecture for a provider and a customer. At the top, a **Domain DB** (17) is connected to a **Server** (16). The **Server** (16) is connected to a **Customer action** (12) block. Below the **Server** (16) and **Customer action** (12) is a **Provider action** (13) block. The **Provider action** (13) block is connected to a **Certified.com what we are** (11) block. The **Certified.com what we are** (11) block is connected to a **Customer action** (12) block. The **Customer action** (12) block contains a **Search Go** (15) button and an **e-mail to us** link. The **Provider action** (13) block contains a **Registration Log on Status Account info** section. The **Certified.com what we are** (11) block contains three advertisement blocks: **AD 1** (14₁), **AD 2** (14₂), and **AD 3** (14₃).
